PROBLEM 2: DECRYPTION : 5.0 POINTS

Now that you have all the pieces to the puzzle, please use them to decode the file `story.txt`. In the skeleton file, you will see a method `getStoryString()` that will return the encrypted version of the story. Fill in the following method and include as a comment at the end of the problem set your decryption of the story.

We apologize, this grader is currently inoperational. We are working hard on getting it working as soon as possible!
